The location of the Captain's meeting is TBD (either at the dive shop or at Lulu's, pending a decision on a charity silent auction dinner). Awards and trophy presentations will be conducted shortly after 5:00 PM at Lulu's Destin. Lulu's is collocated with Legendary Marine. The presentation ceremony is a public event. Bring Friends and Family! There will be plenty of room and plenty of food!

TOURNAMENT PACKAGE

For each person registered, you will be provided a tournament package. It will include your Annual GC Reef Hunter Spearfishing Tournament T-Shirt (if registered by 18 Aug) and a wrist band entitling you to the dinner buffet. Rules will be available upon request for those who do not have them by then.

FORMAT

The tournament format is an individual competition. All applicants must be over the age of eighteen (18) years old, with the following exception: Juniors 16 years old and above may register for the event only with the signature of a consenting parent whom is their dive partner during the event.

The fish categories are Snapper, Grouper, Amberjack and Lionfish.

Fish will be measured by weight (gutted), except Lionfish, which will be counted and weighed whole.

Additional categories include Freediving and Warrior competitions, both of which will be opened at the discretion of the tournament director, based on number of registered participants.

Shooters must register either as a free diver or scuba diver. Divers that wish to participate in both categories must complete a separate entry form, waiver and pay an additional entry fee. Fish, other than Lionfish, that are harvested as a freediver are not eligible to compete in any other category. No rebreathers are allowed.

INDIVIDUAL COMPETITION

Each shooter can have only one fish recorded for each fish category. Shooters will be allowed to weigh in up to two (2) fish per category if they cannot easily predetermine which one weighs more. The heavier of the two fish will be the recorded entry. Biggest fish in each category is the winner of that category. Runner-up will also receive an award for 2nd place in each fish category.

The Snapper, Grouper, Amberjack and Lionfish categories will render two (2) awards each: a champion and a runner-up.

The Freediving and Warrior categories will render one (1) award to the champion.

Juniors must participate in the event as a dive partner with their parent (or legal guardian) and have parent's (or legal guardian's) signature on the waiver of liability to participate. This signature must be notarized or witnessed by the tournament director or the tournament coordinator.

FREEDIVING COMPETITION

This category will be open for competition if, and only if, three (3) or more freedivers register in this category. Freediving is an exclusive registration. Fish harvested while freediving may not compete in any other category, except Lionfish (see below). Any legally harvested species of fish is allowed for weigh-in. Biggest fish (by weight) is the winner of the freediving category.

LIONFISH COMPETITION

This category is uniquely structured as a point scheme. There will be a winning boat declared and the award will be presented to the boat captain of the winning vessel. One (1) point is earned for each Lionfish, and one (1) additional point is earned for each pound of collective Lionfish from the same boat. The boat with the most point wins. The intent of this structure is to encourage the taking of as many Lionfish as possible and to reward those that harvest larger fish. Both scuba divers and freedivers diving from the same boat may participate and contribute to the vessel's total lionfish score.

WARRIOR COMPETITION

This category is uniquely open only to active duty military personnel, active members of the USCG or the Guard/Reserve components. The award will go the biggest fish OF ANY SPECIES that is legally harvested by spearfishing in accordance with the rules of this tournament. The fish may be harvested either as a free diver or using scuba equipment. Biggest fish among our military brethren is the rule, even if the fish qualified for an award in another category.

WEIGH IN PROCEDURE

All weigh-ins will take place at Legendary Marine. To get your fish weighed, your boat must be inside the docking area no later than 4:30 PM on the day of the tournament.

The Award Ceremony and Trophy Presentation will follow the Saturday weigh-in at Lulu's Destin.

When you arrive in the weigh-in area:

- All fish must be gutted and cleaned of debris. Un-gutted fish will not be weighed. There is a filet table at the Dockside Café open to participants. Participants presenting any catch that does not look fresh or appears to have been taken with an explosive device will result in disqualification. Participants weighting fish (lead, ice, rocks, etc.) will also be disqualified.
- Only fish meeting the current state, federal and local saltwater fishing and spearfishing regulations in the Snapper, Grouper and Amberjack Fish categories will be weighed, except for the Warrior and Freediving category, which can be any fish that is legally harvested by spearing. Fish will be weighed using OUR measuring device.
- You must select your own fish to be weighed. The weigh-master will not assist you with this decision.
- Measurement of fish for pre-qualification will be based on the current measurement to fork or overall as required by the Florida Fish & Wildlife Conservation Commission.
- Legendary Marine is the only weigh-in location for the tournament. Fish must be weighed during the designated timeframe window on Saturday, 8 Sep (from 1pm to 4:30pm). Fish must be speared during the specified timeframe of the tournament.

ADDITIONAL RULES

All juniors, ages 16 to 17, must have the Gulf Coast Reef Hunter Release and Waiver Form signed by a supervising parent or legal guardian, notarized or witnessed by the tournament director/coordinator.
- 2) All Florida and Federal rules, size limits, license requirements and bag limits strictly apply.
- 3) No rebreathers are allowed.
- 4) Any contestant possessing or weighing in an undersized (illegal) fish will be disqualified.

Contestants are responsible for knowledge of any and all rules and amendments to the rules, which will be discussed at the Captain's Meeting to be held on Friday September 7, 2018 at 7:00 PM (location TBD). The Tournament Directors decisions are final.
- 10) Reimbursement of Tournament Fees paid can occur up to, but not beyond, 45 days prior to the event.

- 11) In the case of inclement weather or excessive sea conditions, the back-up date for the tournament is the following day. All tournament events planned for 8 Sep will be held exactly 1 day later than originally planned. This slip decision is at the discretion of the tournament director and will be announced at the mandatory Captains meeting on 7 Sep. Fees are non-refundable within 45 days of the primary scheduled tournament date.
- 12) If the tournament cancels due to inclement weather on both possible tournament dates, entrants will receive their goody bags and T-shirts at the Capt's meeting in accordance with the stated registration deadlines. Proceeds from the tournament will be donated to a local organization that supports our local fisheries.
- 13) Although unlikely, the changing regulations set by the FWC may require the tournament director to declare a different species of fish for one or more categories. The Captains meeting will announce any final changes.
